1. APPROVE MINUTES

a. May 2, 2013 Regular Meeting Minutes

Committee Member Chawla moved to approve the May 2, 2013 Regular Meeting Minutes. Chair Gonzalez seconded. The motion carried. **Approved 3-0.**

2. APPROVAL ITEMS

a. Reinsurance Contract

CFO Raleigh reported that the Plan's current reinsurance policy is with OneBeacon and has a \$350,000 deductible. GCHP's Insurance Broker Beecher Carlson obtained quotes from a number of companies for multiple coverage and deductible options, including the Targeted Low Income Children (TLIC) category. In reviewing the quotes and taking into account the experience of the Plan and the estimated costs of the claims, GCHP recommends a \$500,000 deductible and continuing the relationship with OneBeacon for reinsurance with anticipated FY 2013-14 premiums of approximately \$3 million.

Committee Member Chawla moved to select OneBeacon to provide reinsurance coverage with a \$500,000 deductible for FY 2013-14. Committee Member Glycer seconded. The motion carried. **Approved 3-0.**

b. DHCS Contract Amendments 6 & 7

CEO Engelhard requested that this item be pulled as GCHP has not received the amendments from the State.

c. FY 2013-14 Budget

CFO Raleigh reviewed the presentation and noted that minor changes had been made to the budget since it was initially reviewed at the May 20, 2013 Commission Meeting. Three additional pages were handed out to the Committee Members. CFO Raleigh reported that there are two new populations for the Plan which will cause Member growth.

Changes have been made due to the following: provider contracts, health care costs, the Medical Management System (MMS) and transitioning the nurses from Xerox to GCHP. GCHP will fine tune the budget with the new MMS and reinsurance decisions.

CFO Raleigh added that April's actual financial results and release of FY 2011-12 AB 97 reserves have been incorporated. GCHP updated revenue to reflect the new draft capitated rates, the IGT revenue and the Medi-Cal population estimates. GCHP shows an anticipated 9,000 members from LIHP on August 1, 2013. Assumptions have been made, such as provider contracting and the moving of Clinicas del Camino Real Specialty Contract to a Plan-to-Plan contract with AHP. It was noted that there was growth in capitated services due to the number of members affected by additional capitated contracts.

Discussion was held regarding the fact that pharmacy is included in the fully delegated contracts. Concern was raised regarding the large number of emergency room visits by the Healthy Families population. CFO Raleigh indicated that the Plan does have ER Initiatives in place around this issue and will monitor the issue.

Committee Members previously requested benchmarks of GCHP versus other COHS and health plans be included in the information. Discussion was held regarding the fact

that GCHP expects ACS / Xerox management fees will go down due to GCHP accessing reduced prices as membership increases.

Discussion was held regarding the reduced Total Net Equity (TNE) requirement as more services are capitated. GCHP believes that by the end of next year the Plan will be at 150%, but must be 130% to be off State watch.

James Ward of Clinicas questioned Healthy Family rates and the services that will be included in the Kaiser and AHP Plan-to-Plan contracts.

Committee Member Glycer moved to recommend adoption of the FY 2013-14 budget to the Commission. Committee Member Chawla seconded. The motion carried.

Approved 3-0.

d. Medical Management System (MMS) Vendor Selection

IT Director Scrymgeour reviewed the process GCHP had gone through in selection of the MMS. Several key staff members went through the process to review the systems and how they would work for the Plan. Director Scrymgeour explained that MedHOK is very rich in clinical functions.

RECESS

A brief recess was taken from 4:20 p.m. to 4:22 p.m.

RETURN TO OPEN SESSION

IT Director Scrymgeour continued her report. She explained that Inland Empire Health Plan (IEHP) recently completed their RFP, selected MedHOK and IEHP's process is going very well. The system has large strong reporting capabilities which GCHP needs, overall MedHOK scored much higher than the other systems.

Committee Member Chawla moved to select MedHOK as the vendor of choice and allow the CEO to enter into an agreement to implement the MedHOK MMS. Committee Member Glycer seconded. The motion carried. **Approved 3-0.**

3. ACCEPT AND FILE ITEMS

a. CEO Update

CEO Engelhard reviewed his report and highlighted the current status of AB 97, adding that the item will go before the Commission to determine if the cuts are to be absorbed into GCHP or passed on to the providers.

b. April Financials

CFO Raleigh reviewed the April financials and reported a \$2.2 million net income. GCHP is favorable in health care costs; however administrative expenses are over budget. GCHP is reviewing how it groups services and will be changing it to be more in line and similar to how the State groups them.

April shows higher claims, mostly due to having an additional payment cycle in April. Claim inventory is staying low and the hit target auto-adjudication percentages. Discussion was held regarding the number of old claims requiring reprocessing and the fact that interest must be paid to the providers of those claims. GCHP and ACS are reviewing those claims to determine the cause of those delays and whether they were delayed to due to GCHP policy changes or ACS functions.

Committee Member Glycer moved to accept the CEO Report and the April Financials. Committee Member Chawla seconded. The motion carried. **Approved 3-0.**

4. INFORMATIONAL ITEMS

a. Financial Forecast Status Update

Consultant Undlin reviewed the Financial Forecast Update and the work that had been done by GCHP around the initiatives. One area that has not progressed as expected is around the provider contracting negotiations. Chair Gonzalez noted that this was an important issue since it had a large financial impact. There was discussion as to what the Commission could do to help in this situation. CEO Engelhard added that he would reach out the contracting individuals and stress the importance due to the requirements of the Corrective Action Plan (CAP) that the Plan is under.

COMMENTS FROM COMMITTEE MEMBERS

Chair Gonzalez acknowledged the amount that has been accomplished and the progress made by the Plan.

CLOSED SESSION

Legal Counsel Kierstyn Schreiner explained the purpose of the Closed Session items.

ADJOURN TO CLOSED SESSION

The Committee adjourned to Closed Session at 5:35 p.m. regarding the following items:

**Closed Session Conference with Legal Counsel – Existing Litigation
pursuant to Government Code Section 54956.9 Lucas v. Regional
Government Services et al, VCSC Case No. 56-2013-00432444-CU-CE-VTA**

RETURN TO OPEN SESSION

The Regular Meeting reconvened at 5:45 p.m.

Legal Counsel Kierstyn Schreiner announced that there was no reportable action.

ADJOURNMENT

Meeting adjourned at 5:46 p.m.

AGENDA ITEM 2a

To: Executive / Finance Committee of Gold Coast Health Plan

From: Michelle Raleigh, Chief Financial Officer

Date: August 1, 2013

Re: Workers Compensation Contract

SUMMARY:

Gold Coast Health Plan's (GCHP) contract with The Hartford for workers compensation coverage expires on August 31, 2013. The Plan's insurance broker, Beecher Carlson, has prepared a proposal of options for coverage year (CY) 2013-14. GCHP staff is requesting the Executive / Finance Committee authorized the Plan to continue workers compensation insurance coverage through The Hartford and to recommend approval to the Plan's Commission.

BACKGROUND / DISCUSSION:

GCHP began utilizing The Hartford to provide workers compensation coverage on September 1, 2012 when it terminated its agreement with Regional Government Services for human resources and payroll services.

The Hartford's annual contract expires on August 31, 2013. Therefore, Plan staff requested that Beecher Carlson, obtain bids from workers compensation carriers. Bids were obtained from two carriers with key premium information summarized below. Note the base rates have decreased in the new CY due to reclassification as an administrative organization.

	Projected Payroll Expense \$5,458,208		Estimated Payroll Expense \$11,163,917	
Coverage Year	9/1/12 - 8/31/13		9/1/13 - 8/31/14	
	The Hartford		The Hartford	State Fund
Cost				
Estimated Annual Premium	\$84,600		\$93,800	\$118,400
Base Rate (per \$100 PR)	\$1.55		\$0.84	\$1.06
Coverage				
Bodily Injury By Accident - Each Accident	\$1,000,000		\$1,000,000	\$1,000,000
Bodily Injury By Disease - Policy Limit	\$1,000,000		\$1,000,000	\$1,000,000
Bodily Injury By Disease - Each Employee	\$1,000,000		\$1,000,000	\$1,000,000

The Plan recommends continuing coverage with The Hartford because:

- They offer lower estimated annual premium for equivalent coverage level and
- It is administratively simpler to continue coverage with an existing carrier.

FISCAL IMPACT:

Premiums will increase by approximately \$9,200 (\$93,800 - \$84,600) for CY 2013-14 when compared to CY 2012-13, driven by higher payroll expenses.

RECOMMENDATION:

Staff requests that the Executive / Finance Committee recommend approval of continuing the workers compensation insurance with The Hartford Company for CY 2013-14.

AGENDA ITEM 3b

To: Gold Coast Health Plan Executive / Finance Committee

From: Michelle Raleigh, Chief Financial Officer

Date: August 1, 2013

Re: June, 2013 Financial Package (Unaudited)

SUMMARY:

Staff is presenting the attached June, 2013 financial statements (unaudited) of Gold Coast Health Plan (Plan) for review by the Executive / Finance Committee. Staff also requests the Executive / Finance Committee to recommend approval of the June, 2013 financial statements to the Plan's Commission.

BACKGROUND / DISCUSSION:

The Plan has prepared the June 2013 financial package (unaudited), including balance sheets, income statements and statements of cash flows reflecting monthly and year-to-date information.

FISCAL IMPACT:

Highlights of **the year-to-date** financials include:

Overall, the Plan's performance was ahead of budget, with an annual net income of \$6.6 million compared to a budgeted net income of approximately \$4.1 million. The primary driver of this positive variance was due to higher capitation rates paid to the Plan.

The month's positive net income contributed to a significant improvement in the Plan's Tangible Net Equity (TNE). As a result, the June year-end TNE is a positive \$7.7 million. The primary differences between the budgeted TNE of approximately \$6.3 million and the actual TNE are that the budgeted TNE did not include an assumption of the rate increase or reversal of AB 97 reserves¹, but included the assumption that the additional line of credit (LOC) would be \$1 million more than the actual funding.

¹ AB 97 reserves were held for potential provider rate reductions. DHCS confirmed on July 12, 2013 that these reductions would be reflected in the Plan's capitation rates beginning in September 2013, allowing the Plan to reverse prior period reserves.

Highlights of **this month's** financials include:

This month's net income of \$4.1 million included the recognition of \$2.7 million in revenue due to the FY 2012-13 State capitation rate increases². In addition, the Plan reversed \$1.2 million of AB 97 reserves related to the current fiscal year. Excluding these items, June's net income would have been approximately \$0.2 million.

Other items to note include:

Membership - The Plan had 2,927 more members than budgeted for the month with larger than expected enrollment in the Dual and Targeted Low Income Children (TLIC) categories.

Revenue - Total revenue was higher than anticipated by an average \$32.70 per member per month (PMPM). Excluding the special items mentioned above, the revenue would have resulted in a \$4.58 lower average PMPM. Lower than expected membership in the Aged, Disabled and LTC categories contributed to the variance.

Health Care Costs - June's actual total health care costs (\$225.52 PMPM) when compared to budgeted costs (\$219.61 PMPM) varied by \$5.91 or 2.6%. The variance was due to the Plan increasing the incurred but not paid (IBNP) reserves due to an uptick in open claims. The increase was mitigated somewhat by favorable net reinsurance and claims recoveries which were higher than expected. Also, pharmacy costs were lower than budgeted due to the initiation of a new MAC pricing schedule for generic drugs. It is expected that the savings will continue into the new fiscal year.

Fluctuations reflected in the various categories of services are the result of a change in GCHP's method of distributing Health Care Costs (HCC) across categories of service³. The budget utilized a prior allocation methodology, while actual HCC uses current payment information. This change will more accurately reflect true HCC, as it is based on actual claims payments rather than estimates.

Administrative Expenses - Overall operational costs were higher than anticipated by \$5.65 PMPM. Expenses were impacted by the following items:

- Higher than projected fees associated with
 - continued temporary support provided by Tatum and

² Incorporated State capitation rates as reflected in DHCS Contract Amendments 6 & 7.

³ HCC reallocation was effective with the May, 2013 financial statements.

- consulting fees from extended engagement of State monitor and IT / project management consulting
- Higher than expected legal and accounting due to timing of services.
- The increase was partially offset by lower than budgeted ACS management fees and translation services.

Cash + Medi-Cal Receivable - the Plan continues to monitor its cash balance and is continuing with cash management programs that began in February. The Cash and Medi-Cal Premium Receivable balances of \$58.3 million exceeded the budget of \$56.1 million by \$2.2 million, or 4%. This positive variance was achieved despite the \$1.0 million difference between the budgeted and actual LOC funding.

RECOMMENDATION:

Staff proposes that the Plan's Executive / Finance Committee recommend approval of the June, 2013 financial package to the Commission.

In May, GCHP changed its method of distributing Health Care Costs (HCC) across categories of service. Prior months utilized an allocation methodology. The methodology was updated to utilize payment information by different categories of services. This change will more accurately reflect true HCC, as it is based on actual claims payments rather than estimates.

Paid Claims Composition (excluding Pharmacy and Capitation Payments)

Note: Paid Claims Composition - reflects adjusted medical claims payment lag schedule.

IBNP Composition (excluding Pharmacy and Capitation)

Note: IBNP Composition - reflects updated medical cost reserve calculation plus total system claims payable.

*In May, GCHP changed its method of distributing Health Care Costs (HCC) across categories of service. Prior months utilized an allocation methodology. The methodology was updated to utilize payment information by different categories of services. This change will more accurately reflect true HCC, as it is based on actual claims payments rather than estimates.
